Dear Terry and Steve,

As the Telecommunications project manager for the Department of Labor Central Office wiring/renovation project, I would like to make special mention of the outstanding job performed by Kenny Vallone of your company.

The meticulous layout of the Telephone Closets, precise routing and support of cable in the ceiling space, and overall smooth flow of this wiring project were a direct result of the hard work, dedication, and professionalism displayed by Kenny Vallone.

Kenny's excellent interpersonal skills and clear focus of the project were apparent from start to finish. I was always kept aware of any issues or concerns as they arose.

This entire installation was a great team effort by Cable Systems, but Kenny Vallone's contribution was truly outstanding.

Sincerely,

A handwritten signature in blue ink that reads "Paul Nicholas".
